

We as parents believe that there is too much violence on TV these days. We can not allow our children to watch hardly any TV because the shows are violent, full of foul language, full of sexual content, and or full of references for the lesbian lifestyle. We do not watch any shows except for the news and shows on PBS and the old programs from when we were younger. Our family would love to see much more wholesome programs that promote traditional family values.

Thank you for your time in listening to our concerns and requests. We anxiously await the improved changes to come.

Sincerely,
Mr. and Mrs. W. Howell
